School to become museum

For several years, interested community minded citizens and members of Antioch's Historical Society such as Betty Lou Williams, Bill Brook, Marilyn Sterbenz, Dr. Jim Kopriva, Mayor Mike Haley and members of the village board, have been discussing using one of Antioch's historical landmarks, the old grade school, on the corner of Depot and Main Sts., as a museum for the display of Antioch's historical heritage.

At the board meeting on Monday, Dec. 8, some of the groundwork to do just that was laid.

Don Skidmore, superintendent of Antioch's grade school district, owners of the property

in question, told the village board that the building, which had been used for storage for the past few years, would now be available since the advent of the bus garage at the upper grade school now filled those storage needs.

James Quedenfield, head of the building committee, told the board that the school district would like to lease the school to the village, at the rate of a dollar a year, with the idea that the village could then sublease to the Historical Society, with the school district retaining ownership.

Mayor Haley said, "I envision this to be a great community effort in refurbishing the

building and reactivating the Historical Society so we can have a museum open to the public."

Both the township and the village are talking about possible grants for the project.

Attorney Mike Gander told the board that in the event that the village leased the building from the school district, the village would take on the responsibility of the maintenance and utilities, and permission for any structural changes would have to come from the school district, with the bench mark remaining untouched.

The attorney also reported that, by statute, the building could only be leased to a

municipality for community non-profit use, with a five-year, renewable lease stipulated.

Gander also said that the use of the building would have to be such as not to conflict with the normal functions of the lower grade school.

Haley asked in the event that grant problems arose because of the school district's ownership of the building, if there were possibilities, either of the village obtaining said ownership or of the transference of the grant to the school district.

Skidmore said that he thought both alternatives were possible.

Chamber board objects to village mayoral action

On Friday, Dec. 5, the executive board of the Antioch Chamber of Commerce and Industry held a meeting with Mayor Mike Haley with reference to general village activities.

Discussion was held on what, if any, projections may be in progress for the retail and industrial development of Antioch.

Present at the meeting were: Dan Dugenske, Chamber president; Mark McKinney, Chamber president-elect; Bill Groeninger; Sharon Simon; Bernie Gunty; Peter Cleven; Bruce Jablonski, Mayor Haley and Dixie Sparks, Chamber secretary.

On Dec. 8, the Antioch Chamber of Commerce and Industry sent a letter to Mayor Haley and the village board stating that the executive board of the Chamber had, by unanimous vote, decided to inform the mayor and members of the village board of their concern in the action taken to raise the mayor's salary to \$28,000 and make his position a full-time one.

The letter further stated, "We do not believe there was a sufficient amount of study and information made available and subsequently an opportunity provided to the citizens of the Village of Antioch to voice their opinion."

The Chamber then requested that the elected officials make available to the citizens of Antioch the information on which this decision was made.

The ordinance that had been passed making the mayor's position a full-time one at an annual salary of \$28,000, plus cost of living etc., was rescinded at the village board meeting of Dec. 1, a meeting crowded with over 70 residents, armed with a petition signed by 175 registered voters.

At the same village board meeting the creating of a committee to make a study of the administrative needs of the village was discussed. To date no moves have been made towards the formation of this committee.

The Chamber board is also objecting vocally and reportedly again by letter to the discussions that the village board has had on a proposed commercial development on the east side of Main St., south of the state line.

Reportedly, the discussions have centered around possibly putting revenue sharing monies into this complex.

Trustee Don Amundsen has invited the members of the Chamber executive board to the village board committee meeting on Dec. 22, where more information and discussion of the matter will take place.

School into museum

Continued from Page 1

Trustee Don Amundsen asked whether there was a possibility of the museum being set up under the control of the school district.

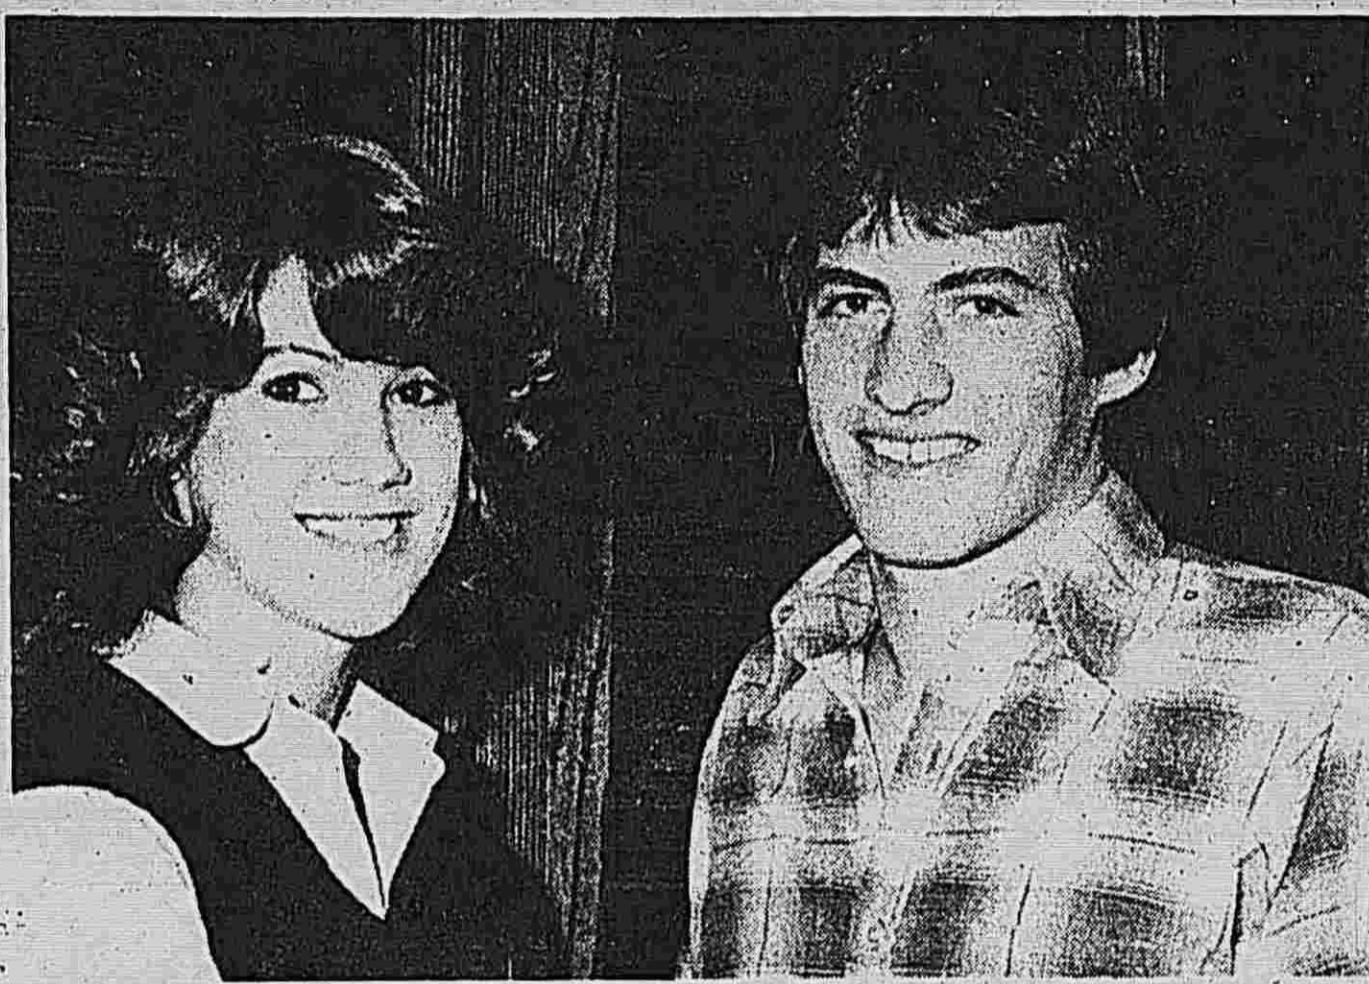

Dr. Skidmore said that the district was not interested in the operation of a museum and that the building would have to be leased to a municipality.

After Skidmore reported that the building was sound structurally and the heating and plumbing was in good shape, Haley said that there was a possibility that money could be

allocated in the upcoming budget for an architectural investigation of the costs involved in the refurbishing of the school building for public use.

Haley also said, "I see this as a multi-year project," likening it to the saw mill project which had started out to be a reproduction on a table in the library.

The next step in this project, according to Haley, will be a meeting with civic organizations interested in participating.

Antioch Fire Department lists holiday hazards

Assistant Chief Jimmie Quedenfeld of the Antioch Fire Dept. Fire Prevention bureau said that the "Keep the Wreaths Red" campaign is a program to help people remember what the dangers are of holiday decorations.

In the display window of the Fire Station on Orchard St. and Holbek Drive, two wreaths with a red bulb will be hung. If there is any fire which is caused directly by

holiday decorations, in our fire district, the red bulb will be changed to a white bulb indicating such a cause and origin for a fire.

Assistant Chief Quedenfeld gave some hints on how to prevent fires associated with holiday decorations.

1. Don't use any electrical cords used for decorations that are frayed or badly worn.
2. Don't plug too many

plugs in one outlet, thus overloading the wiring circuit.

3. Don't run electrical cords under carpets or loop over nails or other sharp objects that could tend to fray, in order to reach a decoration.

4. Be sure Christmas light sets that are installed outside are the outdoors type and also be sure that any light set you use, whether inside or outside, have the U.L. label on it.

5. If a real Christmas tree is used be sure that its needles are not dry. If they are dry, don't light the lights as the heat from the bulbs could ignite the tree.

6. If you have a fireplace, do not hang Christmas stockings directly in front of the fireplace when the fireplace is in use.

The above precautions are just a few of many steps that could save a lot of grief and injuries. One thing that

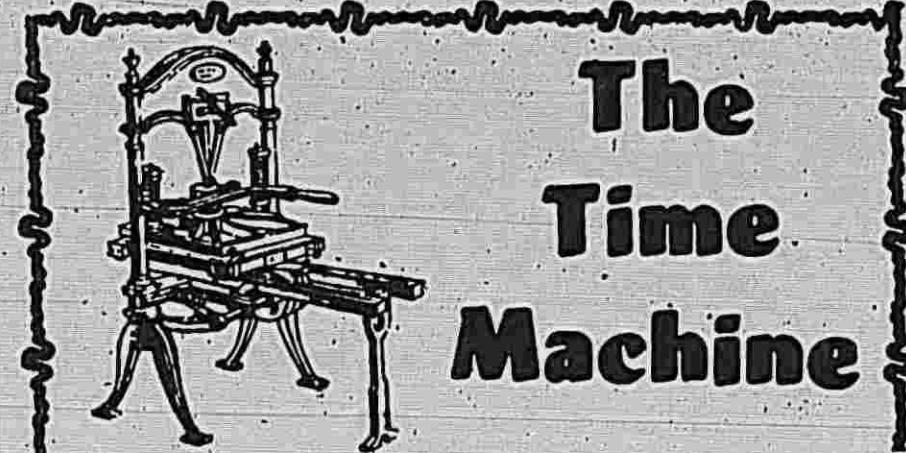

everyone should use is good common sense and when in doubt, always seek the proper help.

The Antioch Fire Department Fire Prevention bureau also would like to suggest that if you don't know what to get a loved one for a Christmas gift, that you purchase a smoke detector.

Smoke detectors are the safest warning method when placed in the proper location and will, in case of a fire,

give the occupants of a home time enough to escape, thus saving a loved one from injury or possible death.

Once again the Antioch Fire Department hopes that you will do your best to "Keep the Wreaths Red" and all of the officers and members of the Antioch Fire Department want to wish each and every one of you a very Merry Christmas and a healthy and Happy New Year.

50 YEARS AGO: DECEMBER 11, 1930

The case of Bugs Moran, erstwhile gang leader, who is being tried in Waugan on vagrancy charges went to jury today. Authorities are skeptical of the business aspect of the career of Moran, and today federal men are directing an inquiry into the income tax angle of the case. If "Bugs" is really in a legitimate business with an annual income of \$5,000 a year, it may be he owes Uncle Sam an income tax.

Miss Eunice Brann has accepted the position of linotype operator in this office and Lyle Bryan has assumed the duties of foremanship. These employees replace Goldie Davis and John Moore, who took charge of the North Chicago Tribune. The new employees here are capable and obliging young people of more than usual ability and they are rapidly adapting themselves to their new surroundings.

Identity of the two chicken thieves, who stole sixty-one chickens from the barn of Fred Hawkins was discovered by Fred Hawkins and Deputy McBride. Acting on information that these men were seen in Antioch with chickens, these men were located in Chicago where they were found with their coops full. Fred Hawkins easily identified his chickens by their tameness and the fact that he lost 52 Rhodes Island Reds and nine black chickens.

OPERATION SANTA — Several Lake County and Antioch organizations and residents brought Christmas to the clients of Libertyville Manor Extended Care on Sunday, Dec. 7. From left, Walter Kozioł, Ross Schellenberg as Santa, Brooks Lawton, Evelyn Freund and Helen Volk as Mrs. Santa.

Santa arrives at manor

For the sixth straight year members of the St. Peter's Women's Club and Alter and Rosary Society, Lake Regions Homemakers, Hawthorn Center Asst., Walter Kozioł, Antioch, and other businesses and concerned citizens entertained and presented holiday gifts to the residents of the Libertyville Manor Extended Care Dec. 7.

The St. Peter's Women's Choir sang Christmas songs and Kozioł proved himself to

be a gracious host while serving refreshments.

Shirley Gutowski, Antioch, said she thought the annual event for the residents showed the true meaning of Christmas. We'll all be getting old some day and we'll want someone to think of us, said Gutowski, as she surveyed the room of residents who were dancing, clapping or enjoying the music provided by the Polka originals in other ways.

One staff person from the home said there were some

residents who were dancing that hadn't danced for a long time.

Angela Maras, of the Hawthorn Center Asst., praised the efforts of the concerned citizens that gave up time out of their busy schedules to let the residents of Libertyville Manor nursing home know they are not forgotten.

A woman's place

When I think about it TV's sexploitation offends me

Having been somewhat involved with sales over the years, I feel that this qualifies me to name and salute the "Number One Salesman of All Time", that square "boob tube" that seems to have increasing impetus on all our lives.

You'll have to admit that it takes some kind of salesman to turn us into a nation that is ever conscious of pocket labels. I'm talking about the growing popularity of the monogrammed denim draped derriere.

Who would have thunked that so many females and males alike, of all ages, could be sold a bill of goods that has them paying \$60 for a pair of jeans that were hitherto relegated to the barnyard, the factory or the teenage hangout.

A lot of these denim addicts feel justified in wearing these new-born status symbols to the most formal of occasions, easily understandable since they probably cost more than the dressiest outfit in their wardrobe.

I'm talking about that unprecedented enigma, Designer Jeans, that has the entire population of the best dressed country in the world backing into rooms with their rear pockets screaming "Bonjour" and "Jordache".

Maybe I'm "old fashioned" but it's still beyond my comprehension why anyone would want to

wear Gloria Vanderbilt's name on their rear-end except for Ms. Vanderbilt herself.

And why do millions of women want nothing to come between themselves and Calvin Klein remains a mystery to everyone except for Mrs. Klein.

Only a top-notch vendor could convince a nation that has been exposed to the bosom of Jane Russell and the wet lips of Marilyn Monroe, that blue denim is sexy even on a size 18 backside.

Sex seems to be the main tool in television's bag of sales tricks, one that has also proved extremely successful in changing the drinking habits of a coke and beer drinking country.

Of course there has always been a romantic connotation connected with candlelight and a glass of wine, but it took television to sell the American public on the fact that the acceptance of a sip of the grape carries with it, a connubial commitment.

Only the expertise of the television commercial could place a wine rack in every apartment and replace the proverbial fruit cellar with a wine cellar.

And now that the gift giving season is upon us, we are being sold lovely smells during Monday Night Football and between station breaks and the calamities of our favorite soap opera.

Isn't it wonderful that just

a quick spray of one of these enchanting essences will immediately make any woman sought after by dozens of handsome men and that just a squirt of one of those macho sounding aftershave lotions will have beautiful women beating down the bedroom doors of all male users.

It scares me just a little to think that the persuasive powers of this prodigious peddler could have us paying exorbitant prices for a few ounces of vanilla to spray seductively behind our ears, if it were beautifully packaged and labled with a French word that would have had grandmother blushing, as long as we were properly brainwashed by an intensive advertising campaign.

The topper of all of these intelligence insults combines all of these proven gimmicks in the latest ballyhoo for a men's cologne called "Denim."

This exploitation, in living color, is simply a shot of a man's denim clad chest being disrobed by a pair of feminine hands as a soft voice urges the watcher to "get into Denim."

While the old time peddler, the circus barker, the legendary traveling and door to door salesmen twirl in their graves with envy, I can't help but wonder what will be the next money making, eye and ear offending, harrangue emanating from the advertising moguls jaded brains.

Along the way with ANNIE MAE

The Christmas season has spawned many smiling faces on the streets of Antioch but those that are virtually laughing out loud belong to overjoyed Chicago Bear fans who have made no bones about the way that they are gloating over Sunday's slaughter of the Green Bay Packers.

Two of the happiest faces belong to died in the wool Bear fans, Janet Brook and Sophie Thain who have asked me to tell all the Packer "taunters" who have made their lives miserable for years, especially back in the 60s, "Sunday's game was an all time high, in spite of the pouring rain. It was a wonderful gift from Santa."

It seems Janet and Sophie stayed to the happy end, even rueing the two points they lost despite their team's 61-7 victory.

Directory available

A free directory of available health services in Lake County has been compiled by St. Therese Hospital, 2615 Washington, Waukegan. It lists services relating to adoption, alcoholism, drugs, family counseling, medical assistance, services for the mentally or physically handicapped, and much more.

Copies are available at the hospital's information desk as well as throughout the hospital. Also, copies may be picked up at the hospital's satellite on Route 59 in Lake Villa.

The alphabetical, easy-to-read, directory is available at no charge as a community service.

Concert slated

The Antioch Upper Grade School's Junior and Senior Bands will present their annual Christmas Concert on Sunday, Dec. 14, at 2 p.m. at the Upper Grade School. The Concert is free and the public is urged to get in that Christmas spirit and show their support of the bands at attending this performance.

Join with the Band and hear traditional Christmas songs as well as popular music of the day.

The Junior Band will be performing such numbers as Joy to the World, O Come All Ye' Faithful, God Rest Ye Merry Gentlemen, and the March King. The Senior Band performs Fillmore's Americans We, Denbridge Way, Belmont Overture, Christmas Music For Winds and special novelty song Little Bop Riding Hood featuring Vickie DeWitt as Little Bop Riding Hood, Kelly Daily as the Dear Old Grandmother, Calvin Knutson as Hotlips Harry, and Dave Case as the trusty Steed Dynamite.

PLAYGROUND EQUIPMENT

Trustee Vern Barnstable reported to the Antioch Village Board that all the playground equipment had been taken down from Jensen Park for the winter months and the damaged equipment would be repaired before the equipment is replaced in the spring.

SOPHS TIE

The Antioch High School sophomore football team ended the season in a tie for the Northwestern Conference title.

A belated Happy Birthday to Fire Chief Tod Maplethorpe, who celebrated on Nov. 30.

The years are mounting Tod, pretty soon you'll have to alert your department to make sure all those birthday candles are out.

Well I keep trying, as my size keeps climbing, but I'm going to attend the meeting of Overeaters Anonymous which has been changed from Wednesday to Monday for the last three weeks of December. I'm going to join those who aren't letting the "holiday parties" get to them.

The meetings will be at the same time, 9 a.m., and at the same place, the Antioch Township Office Community Room, on Dec. 15, 22, 29.

To all you who have telephonitis, for some seasonal info, try dialing 936-2525.

Talk about big adventures. Bill Burdick, who is working towards his masters degree at Northern Illinois University in DeKalb, and Tim Fosnacht have been on a mineral and oil deposit exploration trip in Antarctica since the end of October.

They will be conducting seismic research on the ice shelf until Dec. 20 when Burdick will take a break and take in the sites of New Zealand.

He is then due to return on an icebreaker with a scientific group from Japan and Germany, returning to our area on Jan. 15.

ACHS bowlers defeated

The Antioch High School (ACHS) Girls' Interscholastics Bowling for the 1980-81 season will consist of 15 girls. Because of a new rule initiated this year, the varsity "A Team" will consist of five bowlers instead of four, as in the past.

In the past years, the requirement for every conference and district tournament was that the "A Varsity Squad" consist of five bowlers.

So, this new 1980-81 rule was undoubtedly set to establish "consistency" throughout the season with five Varsity A Bowlers.

The ACHS varsity squad members are: Cindy Toole (senior-four yr. bowler), Diane Appelhans (senior-four yr. bowler and the 1980 Top Individual District Bowler), Suzi Keane (freshman-first year bowler), Vicki Seymour (junior-third year bowler) and Lisa Holmes (senior-four year bowler).

At the present time, the varsity squad is a bit unsteady because of insufficient practice sessions,

but it is expected that these "A" bowlers will improve with each match as they are all good bowlers and, except for Suzy Keane, all are veterans.

The Antioch Sequoits also have a "B" (fresh-soph) and a "C" (jr. varsity) squad this year, both of which consist of "new bowlers". Because of their inexperience, these girls of "B" and "C" teams will need time to adjust, feel at ease and learn to self-analyze their bowling performance.

The "B" team members are: Pam Macek, Kim Rymut, Kim Harms, Sandy Sykes and Yvonne Bostelman.

The "C" team bowlers are: Chris Mattson, Wendy Grandsart, Audra Wendell, Vicki Nessinger and Virginia Carney.

Antioch's first match was on Dec. 3 with Round Lake. The Sequoits' "A Varsity" were engaged in a close, tough battle with their opponents and sadly were defeated 3 to 1.

ACHS "B" and "C" teams were overpowered by Round

Lake. Round Lake took all four match points from ACHS "B" team and three match points from ACHS "C" squad.

The Dec. 4 match with Grayslake found the ACHS "A" Team to be weak but not weak enough to lose the match.

The Sequoits "A" squad defeated the Rams 3 to 1.

Once again, Cindy Toole led her teammates with a "488 series" (162 average). However, Grayslake evened the score by having their "B" and "C" teams win their two matches.

ACHS is scheduled to compete with Stevenson on Dec. 8, Wauconda on Dec. 10 and Warren on Dec. 11.

The ACHS girls agreed with their coach in saying that "victories for the Sequoits Bowlers will come easier when there are numerous fans enthusiastically cheering for them, thus igniting, within each girl, that spark of determination, positive attitude and zest for doing her best."

ACHS Freshmen win in conference opener

Antioch's freshmen basketball teams opened this 1980-81 conference season with wins over Round Lake. The "A" team won by a 40-25 score and the "B" team routed the Panthers 59-19.

Frank Mahar and Dan Berkley led the Sequoits scores in the "A" game with

12 and 10 points respectively. Mahar also led in rebounds with 11 while brother, John Mahar, grabbed eight boards and scored six points.

The "B" game was never close as Rod Steiskal led all scorers with 15 points. Other high scorers were Tom McLellan with 10 points, Karl Skinner, nine and

Bryan Becker, eight. Becker led in rebounds with eight and Steve Mueller was praised for his defense.

Antioch will host an eight team tourney on Monday, Wednesday and Thursday, Dec. 15, 17 and 18. There will be four games each night at 1 p.m. and 8 p.m.

Sequoits take Panthers, Maras scores 31 points

The Antioch varsity basketball team won their opening game against Round Lake 71-65, on Friday, Dec. 5.

The six point win was largely due to the Sequoits' 6-6 forward Dee Maras whose 31 points, including a two hand slam dunk as the final buzzer sounded, led the Antioch team to their first Northwest Suburban Conference win.

Maras was all over the floor as he accounted for 14 rebounds playing a good defense as well as an outstanding offense.

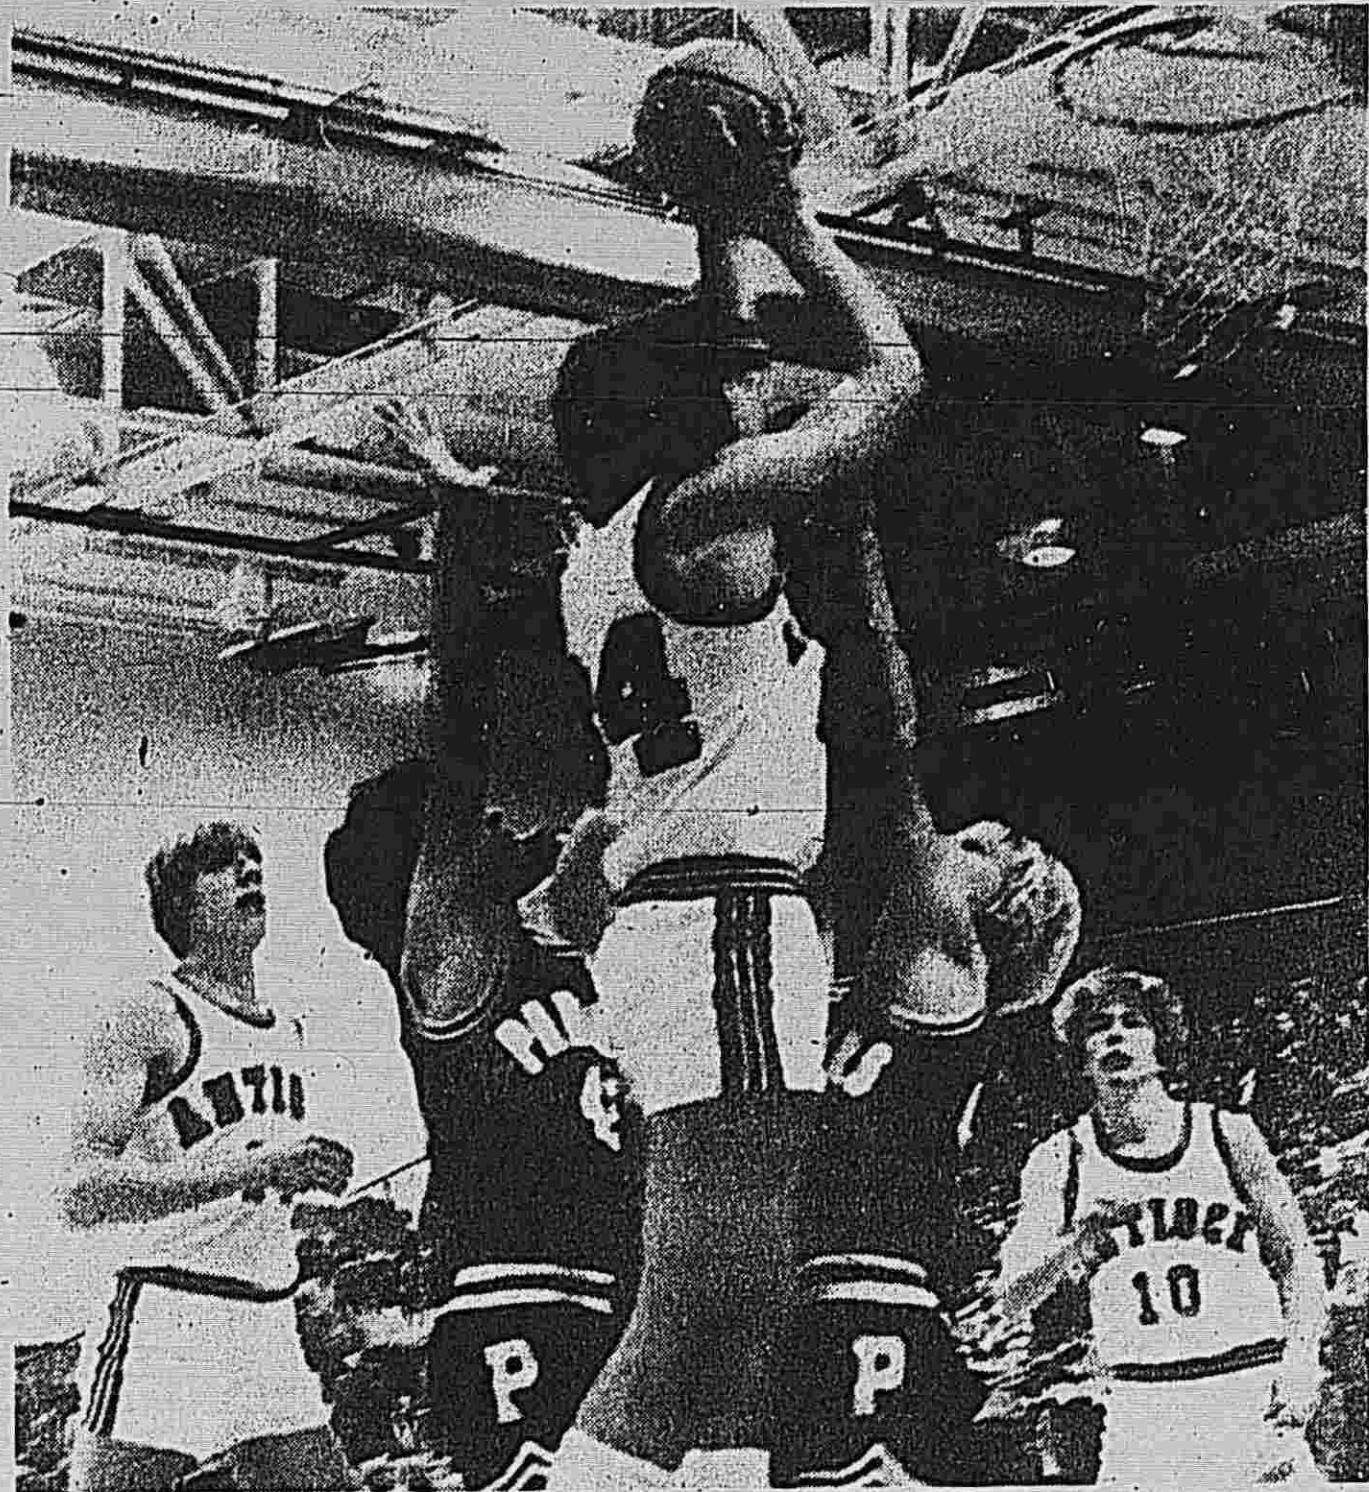

Tim Koesser, senior guard/forward turned in his best game so far as he scored 14 points and John Ploss fouled out in the fourth period as the Sequoits led 55-52, but not before he had added 10 points to the scoreboard.

Sorely missed on offense was Pete Weber who was benched during most of the game because of illness.

Sequoit Coach Roger Andrews says his team needs to be more "aggressive and scrappy" on defense, an area which he is concerned with, and intends to work on before the Antioch team takes on Grayslake on Friday, Dec. 12 and North Chicago, non conference, on Saturday, Dec. 13.

Antioch goes to Grayslake to meet the Rams and hosts North Chicago the next evening.

The Sequoits are 1-0 in their conference, holding a 2-2 overall record going into Friday's game.

LEADS TO VICTORY — Antioch's Dee Maras, 34, splits Round Lake defenders Curtess Rhyner, 42, and Tony Rogalski, 24, for shot as teammates John Ploss, 44, and Gary Volling, 10, move in for rebound. Maras scored 31 points in Sequoits 71-65 conference win over visiting Panthers Dec. 5. Antioch travels to Grayslake Friday, Dec. 12, and returns home Saturday, Dec. 13, to take on North Chicago. Sequoit wrestlers to host Rams Friday

The wrestling Antioch High School Sequoits successfully opened the 1980-1981 conference season with a 26-19 win over previously undefeated Round Lake Dec. 5 at Round Lake.

The visiting Sequoits won six matches and tied one in the tightest meet of the year.

Round Lake jumped off to an 11-3 lead after four matches, but Antioch took the lead at 12-11 on Pete Kessler's dramatic come from behind win at 132 pounds.

ROUND LAKE captured 138 and led 14-12, but wins by

George Bessette at 145, Andy Lehn at 155, and a tie by Bill Carney at 167 put Antioch up by a 20-16 score.

Round Lake then forfeited 185 to Antioch's Ted Bessette to give the Sequoits an insurmountable 26-16 lead.

Dec. 6 Antioch traveled to Libertyville where the host Wildcats defeated the Sequoits 31-16.

Antioch winners were Jeff Nieze at 105, Jeff Canella at 138, George Bessette at 145, and Ted Bessette at 185.

DEC. 12 Antioch will host conference for Grayslake in the first home meet for the

Sequoits. Wrestling will begin at 6:30 p.m.

Fans are reminded that this year Antioch has only four home meets and the Grayslake team should be a good match for the young Sequoits.

Saturday, Dec. 13, is tournament time as the varsity travels to Buffalo Grove for an eight team tournament with sessions at 1, 3, and 6 p.m.

The Sophomores will travel to the Hersey High School tournament and the Freshmen will be at the Grayslake tournament.

ACHS mat-men trounced

The Antioch High School Freshmen Wrestling Team opened the 1980-81 season with two losses this past weekend. The Sequoits lost to Round Lake 51-18 and Libertyville 48-17.

Leading the Sequoits scoring this past weekend was Matt McGrain with two wins. Jeff Gibson, Jim Geier, Dean Elrod, Ed Silva and John Weldon all had single victories for the young

Sequoits. The Antioch wrestlers will be home against the Grayslake Rams this Friday at 6:30 p.m. and will travel to the Grayslake Freshmen Invitational on Saturday starting at 9 a.m.
